### Summary

I'm a passionate Web Developer with experience in React, Tailwind CSS, and JavaScript. Currently pursuing a BCA at Patliputra University, I focus on building responsive, user-friendly web applications.

I've worked on projects like the Employee Task Management System and Personal Portfolio Website, where I've gained hands-on experience in front-end development and problem-solving. I'm always learning new skills and excited to take on fresh challenges in web development.

### Education

Patliputra University	Patna, Bihar	04/2022 - 2025
	BCA (Bachelor of Computer Applications)	(Studying at <b>TPS College</b> )

### Projects

#### Employee Task Management System

~ Created an effective **Employee Task Management System** using **React** and **Tailwind CSS**, enabling businesses to efficiently manage and monitor employee tasks. This application stores data in the browser using **localStorage**, ensuring task data is retained even after page refreshes. Key features include:

- **Clean User Interface:** Designed with **Tailwind CSS** for a modern, easy-to-navigate interface that facilitates task management.
- **Task Creation & Editing:** Users can easily create, edit, and remove tasks, with a clear overview of each task's status.
- **Task Status Tracking:** Users can track task progress with status labels like **Pending**, **In Progress**, and **Completed**.
- **Persistent Data Storage:** Utilizes **localStorage** for maintaining task data across page reloads, ensuring a consistent experience.

#### Portfolio Website

~ Developed a **Personal Portfolio Website** using **React** and **Tailwind CSS**, highlighting my skills, projects, and achievements. The website is designed to be responsive and user-friendly, with the following features:

- **Interactive Design:** Includes engaging sections such as **About**, **Projects**, and **Contact**, making it easy for visitors to explore.
- **Mobile-Responsive Layout:** Built using **Tailwind CSS**, ensuring the website is optimized for any screen size, from desktop to mobile.
- **Project Showcases:** Displays featured projects, including the **Employee Task Management System**, with detailed descriptions and links to GitHub repositories.
- **Contact Form Integration:** Simple email-based contact form to facilitate communication for collaborations or inquiries.

### Skills

#### Programming Languages

-  C++
-  JavaScript
-  HTML
-  CSS

#### Libraries & Frameworks

-  **tailwindcss** Tailwind CSS
- React

#### Tools & Technologies

- VS Code
- Git
- GitHub

#### Languages

- Hindi (Native)
- English (Intermediate)
